DISCOVERING WHO WE ARE

PT Sarana Proteksi Indonesia was founded in early 2016. The company was established to address the market need for integrated fire protection systems that comply with international standards and local regulations, ensuring reliable protection against special hazards in Indonesia.

PT Sarana Proteksi Indonesia operates from its headquarters and warehouse in Tangerang, Indonesia. The company offers a comprehensive range of services, including design, supply, supervision, installation, commissioning, spare parts, and after-sales support, providing complete solutions designed to meet client needs.

VISION

MISSION

VISION

To be a leading provider of Fire Protection System Solutions in Indonesia, with a primary focus on human safety and security and environmental protection.

MISSION

Providing reliable, innovative, and high-quality Fire Protection System Solutions to our clients in accordance with national and international standards. We prioritize safety and security in every aspect of our operations and continuously empower our employees through training. We are also committed to providing firefighting technology systems that are environmentally friendly and socially responsible.
